KU

“ *Betty Lou was my godmother and when I was a young lad, she would come get me and take me to town with her. After her 2 boys came along, Mike and Mark would play with me and my younger brother. Oh the mischief and adventures we had—building a clubhouse, camping in the back yard, playing football and riding our bikes, go carts and three wheelers together. Her home was a second home to my brother and me. Spending the night at each other’s houses, riding the school bus together...all these fond memories come to mind as I remember “Mama #2”. You will be sorely missed, Betty Lou. Thank you for all the wonderful childhood experiences that you helped make possible. I’m grateful your suffering has ended. Praying for Ray and Mike and the rest of your family.* ”
