“ I wish Jimmy would have reached out to others that wanted to help him. He was a true animal lover and his dogs meant the world to him. I will miss his dry wit and dedication to his four legged friends. May you be in peace, Jimmy.

RC

Mr. Coffman, We agree to that! Mr. Boozer brought his pups in regularly for anything & everything that was going on with them. We are sad to hear he has passed away. We enjoyed hearing his stories when he came in.

AS

I'd been trying so hard to get in touch with him. He was my pop. I miss him so much. I couldn't get him to let me help at all, he was always so stubborn.

If anyone knows how his pups are or can help me connect with who may be handling things in Carthage, I would appreciate getting us connected. I'm Andrea.dianes@gmail.com.
