“ I'm writing on behalf of Ken's High Mountain Mensa friends in Montrose, CO.

*Ken was a faithful member of our group and never missed a lunch in our Montrose venue. He would regale us with tales of his most recent birdwatching trip and update the group on his total bird count list. Occasionally, on a limited basis, he could share general details of the projects he was working on at the Patent office. His dry wit and terrible puns will be missed.*

*Bonnie Horn Koehler  
High Mountain Mesa membership Wrangler*

WK

*Ken will be missed. Learned so many interesting things about birds from Ken. His ornithological expertise was astounding. Dr. Wm Kirkley & wife Betsy.*
