“ As far back as I can remember Kris always had a smile on his face that would light up a room. Just a pure joy to be around. I can remember us playing together as kids at his grandmother’s house on many occasions. Then throughout school we spent many occasions together. No matter what obstacles he faced in life he always stayed determined and kept a smile on his face. You are going to be missed by many but you left a lasting impression on me and many others, be kind, smile, and don’t let nothing stand in your way no matter the adversity. I know you are happy to see all of God’s glory now. Until we meet again my friend and cousin.

“ Kris and I worked together for many years in the technology department at the school district. He was a capable technician and everyone’s favorite guy who they always looked forward to seeing him come. He always has a smile on his face. He loved his boys fiercely and took great pride in their accomplishments. He would go without food or other necessities if his boys needed them more. He always put them first in his life. He will be greatly missed.

“ Kris was a kind, sweet & always smiling guy! His boys were the light of his life!! If Kris were here I believe he would say his greatest accomplishment was the ones he left behind. His absence from this earth will be a huge void for his family & friends/coworkers. Kris I miss you already & will miss our texting each other! R.I.P. 🙏

“ Kris was a very sweet, kind & happy guy! He loved his three boys with every ounce of his being. And if he was here I think he would say my greatest accomplishments are the ones I left behind. He wanted the best for his boys but his body & health had began to fail him. He didn't ever mind telling you that he loved you! Kris will be greatly missed among all his family, friends/coworkers. There will be a void not ever seeing his smile again on this earth but as God promises we will all reunite one day

Miss you already Kris! 🙏🕊️🙏🕊️
