“ Keith and Kevin,

I doubt you would remember me but I was a home health nurse who came to your parent's home when your grandmother was a bed patient. Both your parents quickly became so dear to me. We remained life- long friends. They were two of the finest Christian people I have ever known and they blessed my life in so many ways. I can still just see Margaret's smile and hear her laughter for she was a cheerful person. How fortunate you boys were to have her these many years. She dearly loved you both with all of her heart. May all the good memories of such a precious mother bring you comfort and peace during this time of loss. With Love, Bobbie Sessums
