“ I went to work at Mcghee Tyson in June 1968, We were in B flight , Worked right along with Ross every day,, It took at least two or three people to do anything on the KC-97, and all of us went home black with oily clothes everyday . I took many trips to Germany during the Creek Party days.. I spent a month rooming with Ross and two others, on one trip...Ross was fun to travel with, no matter where we were headed...

*we will always remember our time with Ross...He was a good man... God bless the Freeny family..*

“ One memory of uncle Ross was when we visited Ross and LaDel in Phoenix, was he took time he took to play catch with me. This was before Jerry was born. I would have to say Ross was a favorite uncle for me. He always had great cars, and the one in Phoenix was a 56 Chevy that had air conditioning with these plastic tubes that came up thru the hat shelf in back. He will always be missed.
