“ I just recently learned of Shane’s passing. He was my stylist from 1987 until I left MS in 2013. I adored his wit and his humor. He was a very loving and caring individual. Not only did he do my hair, but he did my entire family, spouse and 3 children. When my eldest daughter died at age 25, he offered to do her hair for the viewing. I know how difficult it was for him, as he’d been doing her hair her entire life.
With Shane’s passing, many, many people lost a wonderful friend and confidant. Much love, my friend...

“ My family and I are just devastated by this huge loss. Shane was such an extraordinary individual. He genuinely cared for people. He always was carrying on with folks. Shane was a true friend. If you told him something in confidence it never went beyond him. He was always willing to listen and he kept your secrets. My family adored him. We told him we adopted him into our family and he loved it. He is going to missed by all that knew him. Shane buddy know you were loved and will always be remembered. Go in Peace. BJ Sanders and family.

“ My heart is broken. Shane was a dear friend to me as well as to my children. He was WAY more than our hairdresser. For years, Shane, my family and some of our close friends shared Christmas Eve together. This year was the first time he missed and it certainly wasn't the same without him. Your family is in my prayers. Please know how much we loved Shane. We will miss him terribly. Rest in Peace my Precious Friend.

JL

Shane has been my hairdresser since 1995 & my heart is totally shattered. I have been so worried about him & had no idea I would never see him again after my last hair appt. I will miss getting that big bear hug & saying "I love you" after each appt. He was such a dear, sweet friend & he seemed to care about me as much as I cared about him. He was such a character & was very much loved not only by me but by so many others. He will be deeply, deeply missed. I will never delete the last text message he sent me the day after Christmas thanking me for the Christmas gift. All the family is in my prayers & I grieve with you. Shane, I LOVE YOU & you will ALWAYS hold a very, very special place in my heart.

MH

Shane was my dear friend, counselor, and hair dresser. He was 23 years old when I became his "CLIENT". He could do more to lift my spirits than anyone I have ever known. We talked and laughed from the time I walked into the front door until I left. He met me at the door and walked me back to the door to tell me goodbye , hug and tell each other how much we loved each other. My husband has said many times, "I wish I could do for you what Shane does." I always left looking better and smiling because I knew he cared about me and I him. I have not had a hair cut since Thanksgiving because I have been waiting for him to get better. We texted on Friday before his surgery which he told me would be Monday. I was so thankful they were finally going to see what was going on inside his body. I asked him to let me know what time the surgery would be so that I could pray for him and the surgeon. He never responded after that. I called the shop Tuesday morning to ask if they had heard anything and they told me he had just passed away. I have never been so devastated and hurt. This was not supposed to happen. I can not imagine what his mother and sister are feeling. What a devastating loss. There will be a big hole in my heart for years to come. I still cannot believe this tragedy. Some Doctors were WAY TOO slow in taking care of him. He was sick too long for nothing to be done. I sincerely hope his family will look into the tardiness of the physicians that were "supposedly" Taking care of Shane. God bless his loved ones. You did a tremendous job of raising a loving young man!!!!
